Dated: 27.05.2019

Office Order

Subject: Display information of water tariff ahead of billing cycle.

Business Reforms Action Plan 2019 (BRAP-19) for Ease of Doing Business (EoDB) requires processing of online applications for new water connection to Enterprises (Commercial/Industrial/Institutional) through Single Window Clearance System portal. Accordingly to facilitate the water consumers of Public health Engineering Department, water tariff information (in Rs. Per KL) is already displayed on PHED department web site <http://phedwater.rajasthan.gov.in> and notify the consumers change in the tariff ahead of billing cycle through this web site.

In future, for any changes in the water tariff, the consumer will be notified by uploading new tariff on PHED department web site.

(I. D. Khan)
Chief Engineer (Urban & NRW)
PHED, Rajasthan, Jaipur
